The Regulatory Compliance Matrix: Regulation of Financial Services, Information and Communication Technology, and Generally Related Matters

By Guido Reinke

Gold Rush Publishing, United Kingdom, 2015. Paperback. Book Condition: New. 244 x 169 mm. Language: English . Brand New Book ***** Print on Demand *****.Inside, the reader will find the following key resources: (1) Regulatory Compliance Matrix: a synopsis of the principal domains of applicable regulation, setting forth legal norms, ancillary standards and guidelines. This Matrix covers the laws and regulations specific to financial services (Part I) and information and communications technology (Part II) at the global and European as well at the UK national and sub-national level. Part III of the Matrix covers generally applicable regulatory domains like corporate governance, consumer protection and employment law, information security, data protection and electronic commerce. (2) Regulatory authorities: a comprehensive listing with descriptions of authorities who define the regulatory agenda. Weblinks are provided for each authority, which enables the reader to access the latest regulatory developments and updates.(3) Overview of the conduct of effective compliance programmes: a pragmatic approach to the entire process, from scoping and prioritisation, conducting risk assessments, defining control activities and reporting requirements; to undertaking effectiveness reviews, documenting findings and making recommendations; to assessing compliance maturity and creating action plans. (4) Non-compliance costs checklist: a detailed list of...

Reviews

A very great pdf with lucid and perfect explanations. It really is rally interesting throug reading time period. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about in the event you question me).
